Media Manthan 2016

The two day National Workshop and Media Fest was held on January 18, 2016. This was the seventh edition of the flagship event of the Department of Mass Communication, St Aloysius College. The theme for Media Manthan 2016 is 'Content Generation for Social Media'.

Mr Vishal Nayak, HOD of MCMS welcomed the guests. The Chief Guest for the inaugural was Mr Khader Shah, the Information Officer, Dakshina Kannada District. In his speech he said that Social Networking has become a part of our life. "The media penetrates all parts of our life and reflects on the youth," he said.

Rev. Fr Denzil Lobo SJ, Rector SAC Institutions, in his presidential address stated that we are hungry for news. He stated that it is important to create useful information that will help us in day to day life.

The keynote address was delivered by Mr Saurabh Chatterjee, a renowned photographer from Hyderabad. A photographer, avid traveller and academician himself, he shared his knowledge of photography, opportunities in the field, career options in photography and various genres that the students can possibly explore.

He further informed the students how a hobby can be developed into commercial photography and eventually a business. He told the students the importance of creating a social media presence and eventually creating a brand. The students were briefed on the various social media handles/apps that can be used by photographers and how one can establish oneself by focussing on uniqueness and niche genre.

During his afternoon session on Digital photography and photojournalism, Mr Saurabh stressed upon the importance of patience and hard work. He further explained the student's basics of photography, lighting, rules of photography and also taught the students tricks for getting a better photograph.

Mr Saurabh shared insights from his travel experiences and photo shoots and explained how he made each photograph look different by adding or subtracting certain elements. He informed the students the importance of hashtags and how one can earn by pursuing photography part time.

The workshop was followed by competitions for the students. The students enthusiastically participated in Stress Interview and Mime competitions. The preliminary round of the quiz was held as well.

The second day of the National Workshop and Media Fest – Media Manthan 2016 came to an end with Alvas College, Moodbidre bagging the overall championship for the second consecutive year, while SDM College were the first runners up. Green Valley Academy Malappuram, Kerala bagged the second runners up trophies.

The day began on an eventful note with a workshop by Pune based digital media strategist Mr Prashanth Subramaniam from Agency 09 – a digital media agency based in Mumbai. He touched a bit on every aspect of the digital world and informed the students the important factors that are required to create content for a successful brand online. Mr Subramaniam further briefed the students on content architecture and content strategy. He concluded by speaking about the various career opportunities for students in the digital field.

The quiz finals were also held on the day. Thereafter, a panel discussion on 'Impact of Social Media on print and Electronic Media' was held. The moderator of the discussion was Fr Vijay Victor Lobo, the director of Sandesha.

Dr Ronald Anil Fernandes, the bureau Chief of Deccan Herald, Mangaluru partaking in the panel discussion said, "It is a challenge to decide how to find a unique news story". He gave real life examples of various incidents and the report. He concluded by saying, "Social media can never replace print media and print media always has an edge over online media since people take print more seriously".

Dr Vasanth Kumar Perla, the Assistant Director of All India Radio, who was the second panellist said, "Online media has given rise to personal opinion. In traditional media we are working on the welfare of society. On social media, we cannot restrict opinions." The session was then thrown open for discussions.

Dr Sadananda Holla, one of the Programme Executives from All India Radio, Mangaluru was the chief guest for the valedictory function. In his valedictory address he highlighted on how present youth today need to generate social media content and use it in a responsible manner. He along with the Vice Principal, Rev. Fr Francis D' Almeida SJ, who presided over the event distributed the certificates and trophies to the winners. The two day National Workshop and Media Fest – Media Manthan 2016 hosted by the Department of Mass Communication was attended by students, academicians and media people alike and formed a platform for learning and sharing ideas.

As a closing note the staff convener of Media Manthan 2016, Fr William Marcel Rodrigues, SJ proposed vote of thanks and highlighted the relevant contributions and changes the event has brought into the flagship event of the department of Mass Communication. The events followed by the Alumni meet of the Department. Ten alumni members, one or two representing each batch from 2009 to 2013-14 were present with the current students. The meet left a remarkable mark on all with positive vibes shared among all.

RURAL IMMERSION EXPERIENCE

A group of 49 MBA students of St Aloysius College (Autonomous) visited Nesargi, around 35 kms away from Belgaum, as part of the Rural Exposure Programme. The from 19-1-2016 to 24-1-2016. Students were given an orientation in Christ Nivas, Jessuit House, Nesargi. Rev. Fr Joe Chenakala SJ, Rev. Fr Tom Chenakala SJ, Sr Bridgit and other activists of Jana Jagaran spoke about the initiatives taken by Jan Jagaran in and around Belgaum for the upliftment of rural masses. After the orientation, students were sent to 9 different villages such as Kolyanatti, Deshnur, Mohre, Koladur, Hanabarahatti, Michelmeradi, Madhanbhavi, Vanure and Nesargi which are situated in and around Nesargi. Students had a wonderful time in villages with a rich learning experience. They interacted with the villagers and lived as one among them for 4 days. Students made visits to the schools, interacted with children and conducted cultural programmes for them. Students also visited the Panchayats and tried to understand the devel-

opmental initiatives taken by them. The role of Self-Help groups (SHGs) in empowering rural women is well appreciated throughout the globe. Participating in SHG meetings was a very good experience. Students could witness the changes brought by SHGs in the lives of Rural women in these areas. Pastoralists are an important sub-section of the animal husbandry sector in this district, and shepherds predominantly herd sheep and goats. Deccani sheep are the most popular amongst pastoralists. Despite consecutive droughts in the area in recent years, the Deccani sheep population has not declined, indicating the good herd management of shepherds. There is a handicrafts centre in the village 'michelmeradi' which was started because of the efforts of JanJagaran and now it is handed over to the villagers. They export handicrafts even to European countries. Like any other rural village, the villages in and around Nesargi also lack proper sanitation. Here arises the significance of the efforts of JanJagaran to build biogas

toilets. The area is also famous for cultivation of various vegetables and crops. However, in some places, water is not available to clean those vegetables. It results in less price for the vegetables. Presence of intermediaries to purchase agricultural produce has an impact on the chance of getting good price.

The right of these rural masses like any other communities in India to have access to clean and hygienic environment to live to a major extent depends on eradication of illiteracy. The Government, the society and even the corporates have the responsibility to support the education of these rural children with arranging the proper infrastructure and facilities in school. The prejudices such as Girls should not be send to schools and colleges should be erased from their minds. Overall the Rural Immersion Programme was fruitful. It enabled all MBA students of AIMIT to think about the need for Inclusive Growth and Rural De-

velopment. Moreover students are convinced of the huge opportunities available for companies in the rural market segment. At the same time, it proves the significance of Corporate social responsibility initiatives(CSR) of Corporates.

"National Vendor Development Programme Industrial Exhibition"

Students of the MBA department participated in "National Vendor Development Programme Industrial Exhibition" organized in collaboration with Ministry of Micro, Small and Medium Enterprises (MSME) Development Institute, Bangalore. It was held at KPT Mangalore on 23rd January 2016. The programme was intended to inculcate the entrepreneurship spirit among the students by guiding them with the opportunities available for self-employment. There were around 70 companies who exhibited their innovative businesses. The banks such as State bank of Mysore, Karnataka bank, Canara bank, Corporation bank, etc circulated pamphlets explaining their system of supporting entrepreneurship and various schemes available in these banks for starting up a business.
